(3) Minutes)	

O R D E R

On June 19, 1980, Tapp Communications Company filed with the Utility Regulatory Commission a tariff sheet whereby it proposes to establish an additional charge for radiotelephone service of twenty-five cents (25¢) per minute or fraction thereof for time in excess of three (3) minutes per call. The Commission having considered the tariff filing and being otherwise sufficiently advised, FINDS:

1. Radiotelephone service is designed for short, concise communications and the standard limitation for such calls is three (3) minutes.
2. The Order in Case No. 7263 established a monthly rate for an unlimited number of three-minute calls. Charges for time in excess of three minutes were not considered at that time.
3. The proposed charge is to be imposed only when a call exceeds the allowable time limit, and the taking of further evidence would serve no purpose. Formal hearing should, therefore, be waived.
4. The proposed charge is fair, just and reasonable and should be approved.

IT IS THEREFORE ORDERED that formal hearing be and it is hereby waived.

IT IS FURTHER ORDERED that the proposed tariff filing, as described herein, be and it is hereby approved, effective on and after the date of this Order. The page of the tariff filing herein approved is First Revised Page 15.

IT IS FURTHER ORDERED that all other rates and charges not specifically referred to herein shall remain the same.

IT IS FURTHER ORDERED that Tapp Communications Company file with the Commission the appropriate tariff sheets, as approved herein, within thirty (30) days from the date of this Order.
